Hobbies & Interests

- Weight Lifting: regularly going to the gym once every 2 days
- Boxing: 1 year experience
- Traveling: have been to 20 countries on 2 continents

Personal Profile

I am an enthusiastic software developer eager to learn new skills and technologies, also knowledgeable in software applications, algorithms, development techniques, and data structures.

Academic Background

INHA UNIVERSITY

Incheon, Republic of Korea (Mar 2013 - candidate in Aug 2021)
Mathematics Education

- Award of the Mayor of the District: team project that provides ideas to help solve the community problems by improving how to promote new administrative plans.
- Overseas educational volunteer work to Mongolia, teaching kids mathematics with hands-on tools.

CARL VON OSSIETZKY UNIVERSITY OF OLDENBURG

Oldenburg, Germany (Feb 2018 - Jan 2019)
Exchange Student Program

- passionately interacted with local and other international students for 2 semesters.
- became a great driving force to interconnect internationally even after returning home.

SEOUL HOSEO OCCUPATIONAL TRAINING COLLEGE

Seoul, Republic of Korea (Aug 2020 - Feb 2021)
Coding Bootcamp

- Python: developed an AI web service with public and mined data supported by machine & deep learning technologies. Bootstrap for client, Flask for server and Sqlite3 for database.
- NodeJS: developed a CRUD API web service with user authentication. Bootstrap for client, Express Promise for server and MySQL for database.
